

Setting up CADconform certification in v8i – CADconform User Manager

Copy the cell library with your existing watermark and logo cells to the (by default) C:\BHP CAD Build v8.4\BHPIO Shared Resources\cell folder.

OS (C:) > BHP CAD Build v8.4 > BHPIO Shared Resources > cell

Name	Date modified

PlantDesign-Structural	6/05/2022 4:03 PM
RailSignals	6/05/2022 4:03 PM
BHPBIO-Target.cel	17/08/2017 6:29 A
 Project Cells.cel	17/08/2017 6:28 A

Open the User Manager from the CADconform toolbox.

Select the BHPBIO default user.

Open the Certifying tab and set your watermark up as per the screenshot.

The Marker Cell should be T-BHP MARKER and the Certification Cell should be your approved company watermark cell.

Click Save to exit the User Manager, now when you log back into CADconform you will be able to watermark drawings.
